WE ARE BUFF®

BUFF® 2024

ON A MISSION TO INSPIRE A MORE CONSCIOUS WORLD THROUGH THE THRILL OF ADVENTURE

Today, BUFF® remains a family-owned company based in the heart of Catalonia. We focus on producing high-quality gear that is tough on adventure and easy on the planet. We offer an entire line of accessories, from caps to headbands and beanies to balaclavas, all designed to help people live more outdoor moments.

CREATED FOR ADVENTURE

NECKWEAR
SINCE 1992

BALACLAVAS
SINCE 2005

HEADBANDS
SINCE 2006

BEANIES
SINCE 2015

CAPS
SINCE 2018

PRODUCT YOU CAN FEEL GOOD ABOUT

Certified  Corporation

in 2023 we announced our B Corp certification with a score of 105.7, well above industry average.

LOW IMPACT

The seamless construction of our multifunctional neckwear creates zero fabric waste in the manufacturing process.

80%

of sales in 2022/23 came from more responsible materials, including recycled and natural materials.

47M

By the end of 2023, we recycled over 47 million plastic bottles into products.

CARBON NEUTRAL

In 2023, we achieved carbon neutrality in all our direct operations and are supporting a project to preserve the habitats of endangered species in the Yacumama Forest in Perú.

MADE IN  BARCELONA

SUSTAINABLY MADE IN BARCELONA

90% of all manufacturing happens in-house in our Barcelona factory.

The BUFF® in-house factory and headquarters is powered by 100% renewable energy.

In-house manufacturing allows us to easily pivot and create custom products on short timelines.

Highest quality comfort. We work with the finest fibers, materials, and technologies.

A modern office interior with people working at computers. The office has a clean, professional look with grey desks, black chairs with red accents, and large windows. A person in a red shirt is walking in the background. On the right, there is a whiteboard with a lightbulb icon and the text "HAZ SIEMPRE lo MÁXIMO". A wooden pillar with the letters "KNTT" is also visible.

GOLIVE

GOLIVE, TECHNOLOGICAL
PARTNER

GOLIVE 2024

GOLIVE en cifras

GOLIVE es una empresa especializada en consultoría de negocio, destacándose como partner de Oracle JD Edwards desde 2008. Su experiencia y compromiso les han permitido ofrecer servicios de alta calidad, ayudando a numerosas empresas a optimizar sus procesos y alcanzar sus objetivos de transformación digital.

JOY APP

JDE Order Yielder

JOY APP es un sistema centralizado de gestión de entrada de órdenes de venta. Facilitando la experiencia de usuario y aumentando la productividad.

x

EL RETO

- › Entrada de pedidos descentralizada según el canal de venta.
- › Diferentes versiones JDE de entrada de pedidos.
- › Proceso *onboarding* complejo.
- › Cargas Masivas (Navidad, Promociones) es un cuello de botella.
- › Necesidad constante de IT & Partner.
- › Errores Humanos.
- › Falta de estandarización.
- › Frustración de equipo de Customer Services.

x

PROPUESTA

- ✓ Normalizar entrada de datos con un gestor de flujos.
- ✓ UX amigable e integrada dentro de JDE.
- ✓ Real time de procesamiento de órdenes.
- ✓ Carga automatizada mediante plantillas *custom*.
- ✓ Panel de control i monitorización.
- ✓ *Tracking* + Auditoría de todo lo gestionable.
- ✓ Validación usando un “policía” conectado a un glosario basado en metodología de gobernanza de datos.

SOLUCIÓN

The screenshot displays the Oracle JD Edwards interface. At the top, the user is identified as 'EMPLEADO DE TODO [JPD920]'. The main content area shows the details for 'Order marribas_2024-05-14_1102'. A 'Back' button is located on the left, and a blue confirmation button 'ORDER CREATED INTO ERP' is on the right. The data is organized into a 'Header' section with two columns of fields and an 'Overwrite Ship to information' section on the right. Below this, a 'Lines' section is partially visible.

✓ El detalle de una Orden de Venta concreta

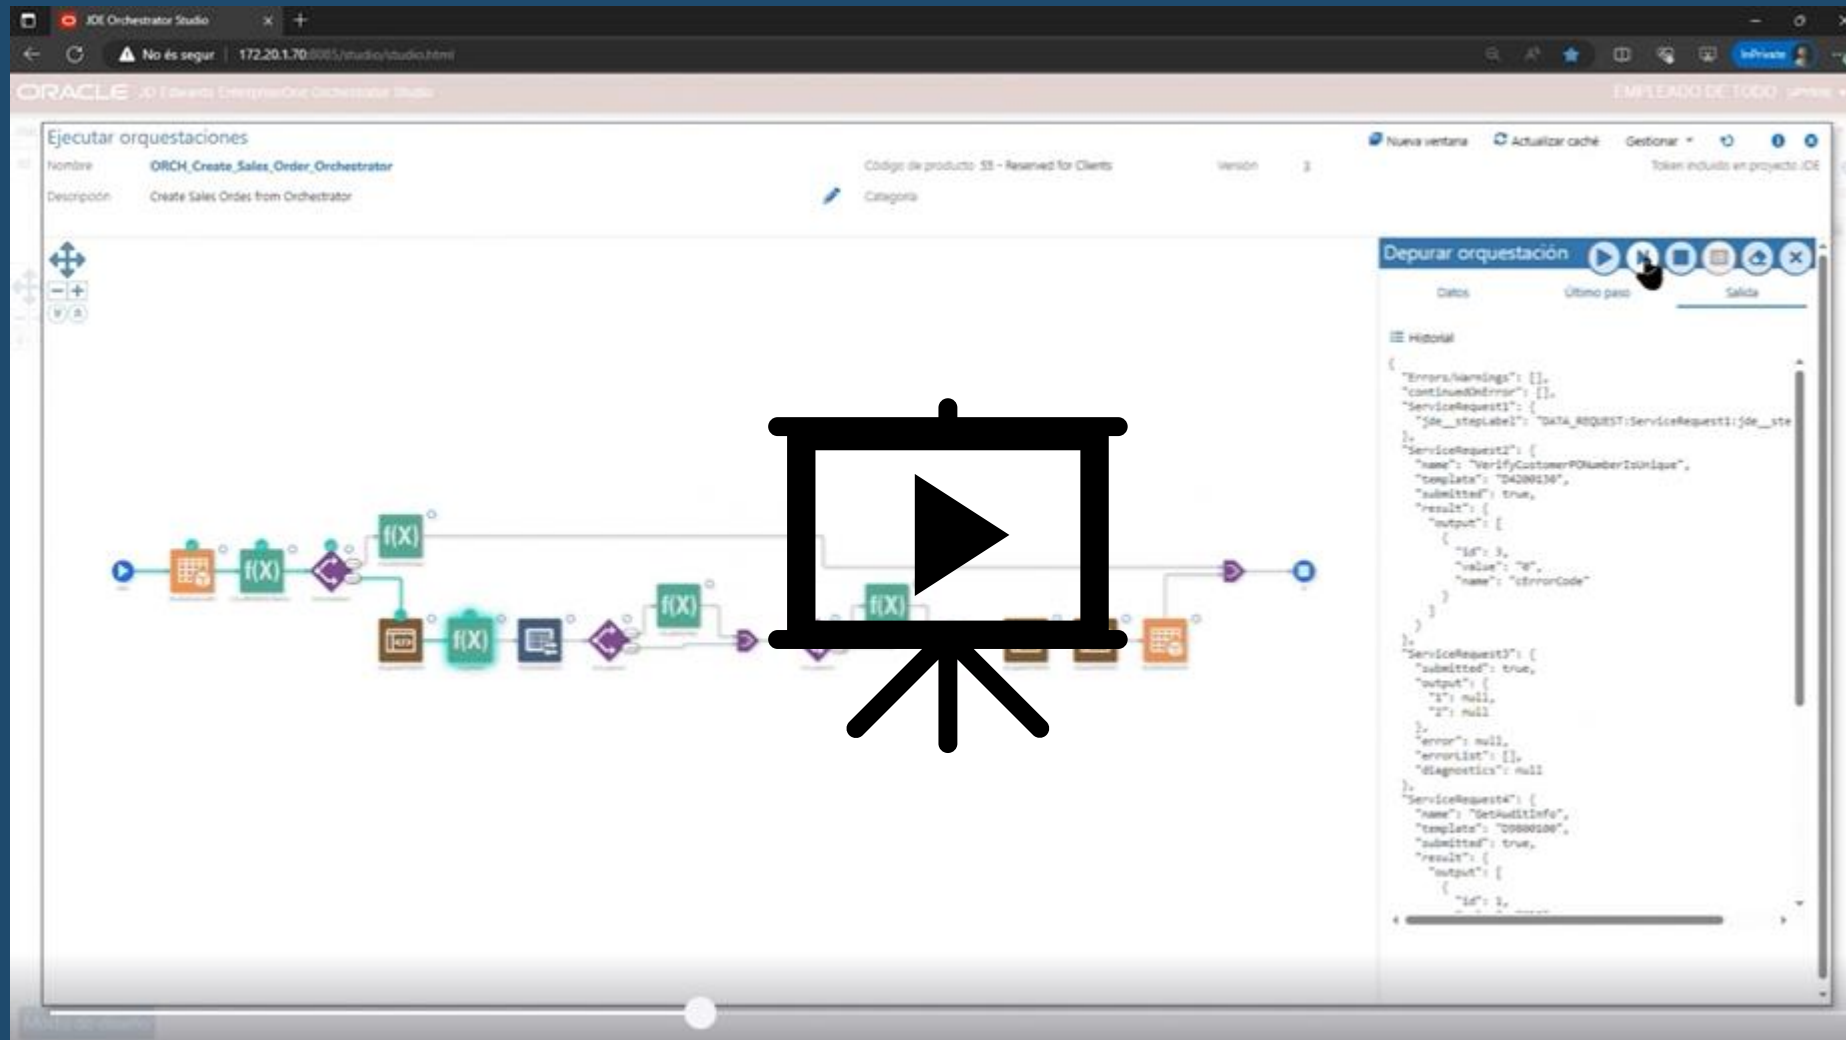

✓ Información importada que se cargará en JDE

✓ Detalle de las líneas de artículos

✓ JDE nos confirma su creación

SOLUCIÓN

Vemos el proceso en entorno Productivo en un vídeo de 2 minutos...

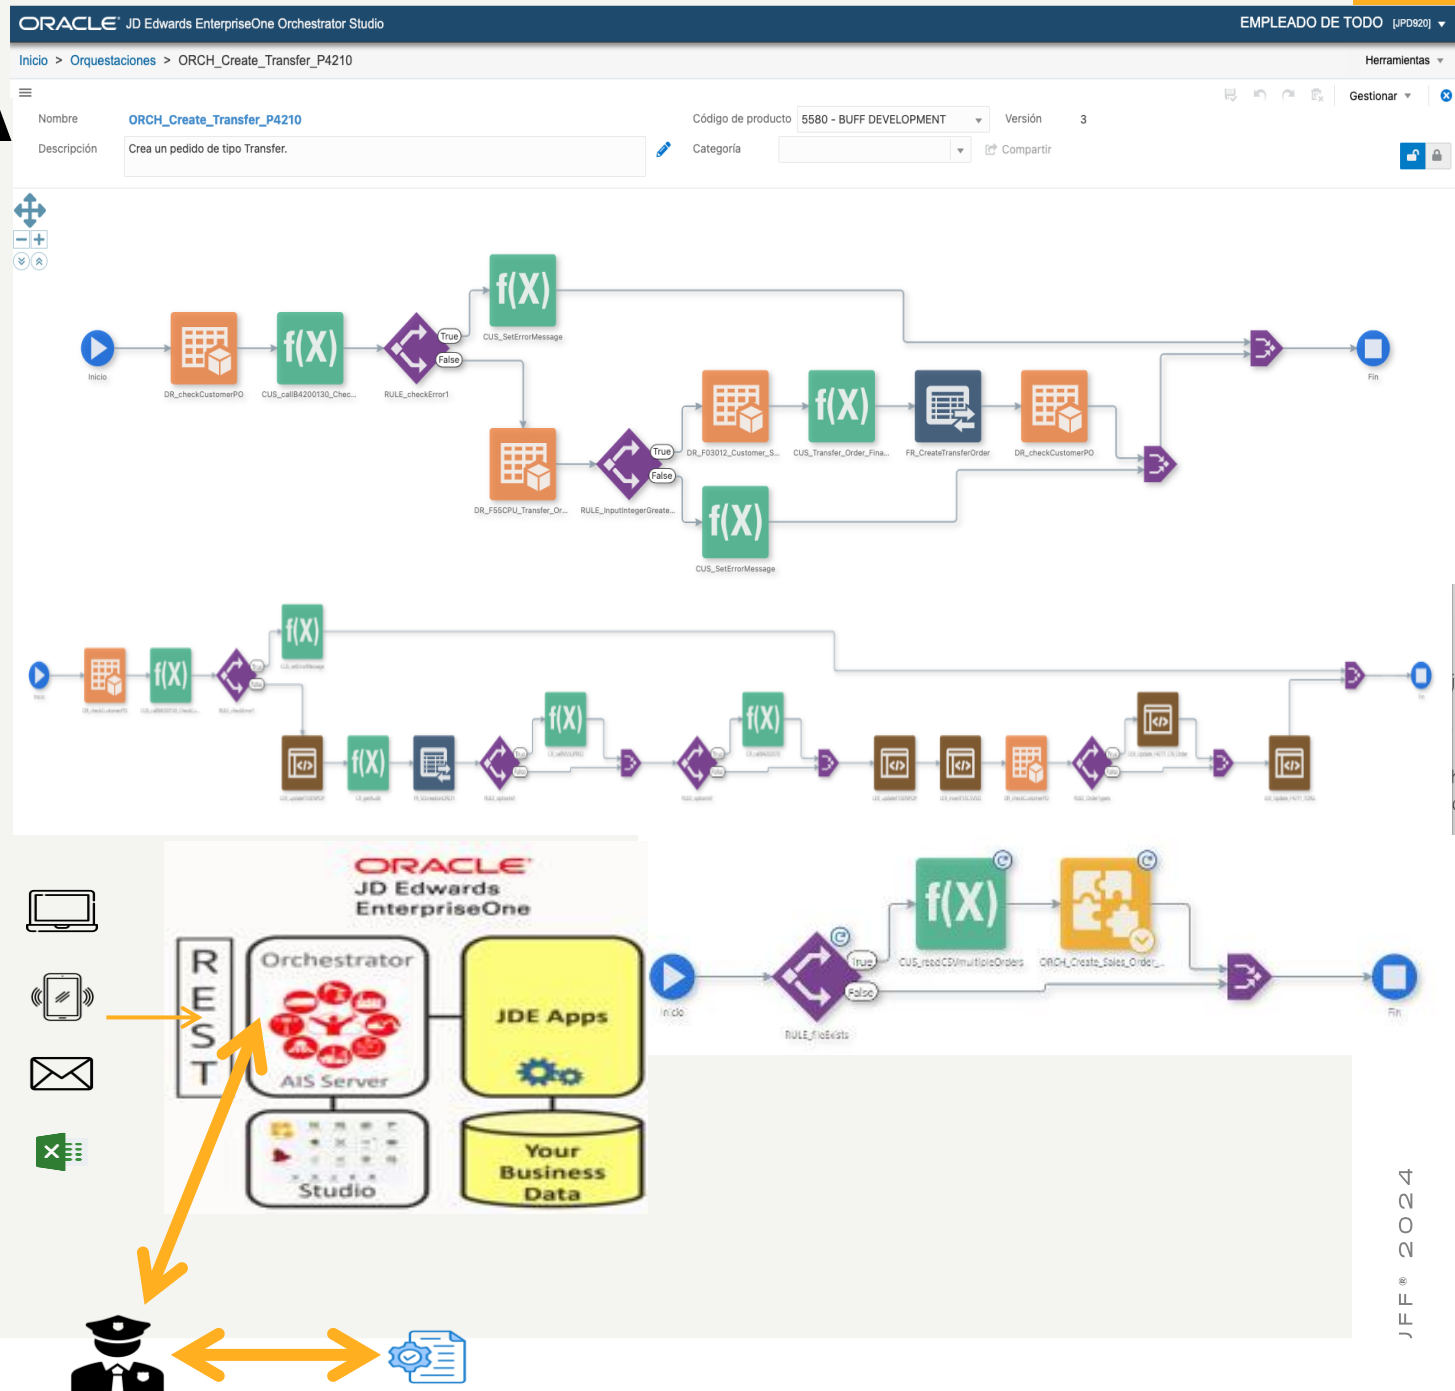

The screenshot displays the Oracle JDE Orchestrator Studio interface. The main window shows a workflow diagram titled "Ejecutar orquestaciones" for the process "ORCH_Create_Sales_Order_Orchestrator". The workflow consists of several steps, including data services, functions (f(X)), and decision points. A large black play button icon is overlaid on the center of the workflow diagram. On the right side, the "Depurar orquestación" (Debug orchestration) panel is open, showing a "Historial" (History) tab with a JSON log of the execution. The log includes details for several "ServiceRequest" objects, such as "VerifyCustomerPONumberToUnique" and "GetAuditInfo".

```
{
  "Errors/Warnings": [],

RETORNO

Teresa Cabezas
Customer Service

“
JOY ha hecho que nuestro trabajo sea más fácil y rápido. Ahora podemos dedicarnos a tareas de mayor valor en nuestro día a día

“

JOY no solo ha hecho nuestros procesos más rápidos y eficientes, sino que también ha simplificado enormemente el onboarding.

Ricard Bosch
IT Service Desk Tech

“
Como en la herramienta se realiza un proceso de validación de datos, entran menos tiquets por esta problemática.

x

JUST THE BEGINNING

"OUR TEAM IS MORE EXCITED THAN EVER TO BUILD BETTER, DESIGN CLEANER, AND CONTINUE TO HELP YOU LIVE MORE OUTDOOR MOMENTS".

David Camps
Chief Executive Officer
